

# Research Opportunities

At Truman State University, you don't have to wait until graduate school to be part of ground-breaking research. Research at Truman spans all disciplines. Last year, more than 1,200 students presented their projects at our annual Student Research Symposium. Each year Truman sends one of the nation's largest delegations to the National Conference on Undergraduate Research.

- Truman undergraduates conduct research with Truman professors
- Recognized by U.S. News & World Report for our outstanding undergraduate research experience
- One of only two Missouri public universities with a chapter of Phi Beta Kappa, the nation's oldest and most distinguished honor society
